

9.05 Approved Hospitals and Hospitals With Specialized Facilities

All patients transported by HFD are presumed to have apparent or suspected medical emergencies that require the services offered only at full service emergency departments within hospitals capable of providing a wide range of consultation services. For that reason, HFD patients will only be transported to a hospital whose emergency department facilities have been approved to receive patients by the City of Houston EMS Physician Director.

Hospital	Hospital Code	Specialized Facilities												
		Trauma: Level I/II	Trauma: Level III	Pedi. Trauma: Level I	Stroke I: Comprehensive	Stroke II: Primary	Stroke III: Support	24 Hour Cardiac Cath	Post-Arrest Hypothermia	Burn Care	Hyperbaric Txt	Obstetric Specialty	Pediatric ICU	Psychiatric Inpatient
