

COVID-19 Infection Control Pathway, Effective 3/26/2020

Symptomatic Member Guidance

Utilize for members presenting with symptoms from one of the following situations:

- 1) Symptomatic from possible non-HFD Exposure
- 2) Symptomatic While on Self-Monitoring Protocol
- 3) Symptomatic While on Self-Quarantine Protocol

Before a member may return to duty they must meet the following 2 criteria regardless of whether they tested + or - for COVID19, or if no test was performed:

- 1) At least 72 hours have passed since recovery defined as resolution of fever without the use of fever reducing medicine **and** improvement of respiratory symptoms (e.g., cough, shortness of breath)

AND

- 2) At least 7 days have passed *since symptoms first appeared*
