Opti-Cide³ Disinfectant: Wipes and Premixed Spray Solution

- Delivered by EMS Supply to the Station EMS lockers.
- Ideal for disinfecting the **Ambulance** inside the cab and patient compartment. Both the Wipes and Premixed Spray Solution can be used to disinfect the unit but make sure not to get this product on any electronics.
- Ideal for disinfecting the **Heavy Apparatus**. Both the Wipes and Premixed Spray Solution can be used to disinfect the apparatus but make sure not to get this product on any electronics.
- Spray the solution on hard surfaces with enough product to allow 2-minute contact time and then wipe excess product away.
- Lightly Spray the solution on soft surfaces such as seatbelts, mattresses, couches, seat cushions, etc. Allow 10 secs contact time and then allow the surface to dry. Do not saturate soft surfaces.
- **Opti-Cide³ is not recommended to be used on Fire Fighting Gear per the manufacture.**
- Must thoroughly rinse any food surfaces and not to be used on food utensils/plates.
