

COVID-19 CLEANING PRODUCT PREVENTATIVE MEASURES

DO NOT MIX THESE CLEANING PRODUCTS

BLEACH AND VINEGAR

Bleach and Vinegar mixture produces chlorine gas, which can cause coughing, breathing problems, burning and watery eyes.

BLEACH AND AMMONIA

Bleach and Ammonia produce a toxic gas called chloramine, which causes shortness of breath and chest pain.

BLEACH AND RUBBING ALCOHOL

Bleach and Rubbing Alcohol makes chloroform, which is highly toxic.

HYDROGEN PEROXIDE AND VINEGAR

Hydrogen Peroxide and Vinegar make peracetic/peroxyacetic acid, which can be highly corrosive.
